CMTI Newsletter Portal — "The Science of Making"

User Manual: Editor

1. Logging In to the Portal

Follow these simple steps to access the Editor dashboard:

- **Step 1: Open Portal —** Open Google Chrome, Microsoft Edge, or Mozilla Firefox and navigate to: http://172.18.7.91:3055
- **Step 2: Enter Email —** Type your official Editor email address (for example, editor@cmti.res.in).
- **Step 3: Enter Password —** Type your password (default initial password is 123456).
- **Step 4: Check Typing —** Tick the 'Show Password' box to check your typing if needed.
- **Step 5: Click Login —** Click the blue Login button. The main Editor dashboard opens.

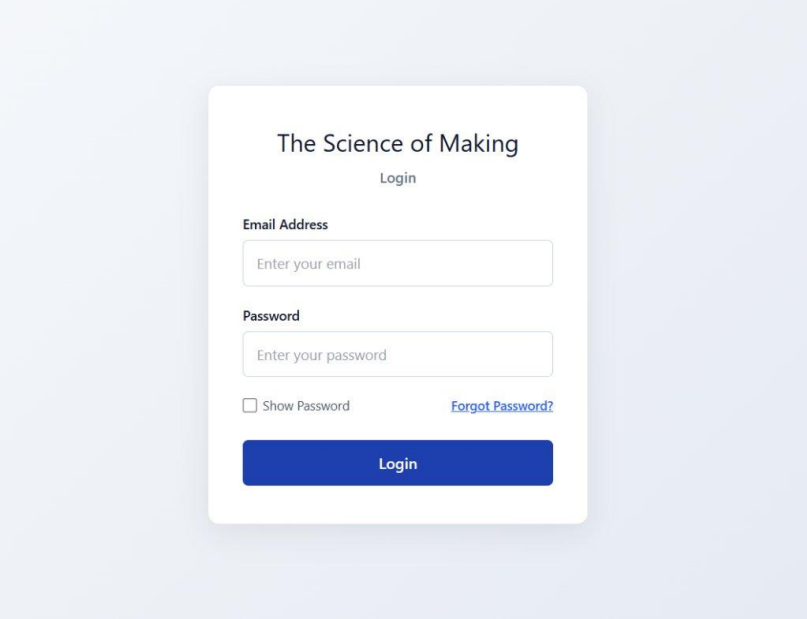

Figure: Portal Login Screen

2. Editor Home Dashboard & Filter Controls

Upon logging in, your role badge ('Editor / Compilation Lead') and system indicator appear at the top. The header displays institute counters showing the total number of centres (e.g. 9 CENTRES) and how many periods are finalized. The dashboard provides a powerful yet simple set of filters to help you locate, inspect, and download submissions easily.

Simple Explanation of Dashboard Filters:

- **1. CENTER Filter:** Allows you to view all 9 centres together, or select a single centre (e.g. SMPM, MNTM, SPM) to see only its contributions.
- **2. DEPT Filter:** Filter submissions down to any specific department within the selected centre, or choose 'All Depts'.
- **3. CATEGORY Filter:** Filter entries by category (e.g., Technical Achievements, Training Initiatives, MoU, etc.), or choose 'All Categories'.
- **4. YEARS Filter:** Use the quick buttons (2026, 2025, 2024) to jump to recent years, or click 'More Years...' to access archives down to 2023.
- **5. MONTH Filter:** Focus on a single month (e.g. January, February), or view 'All Months'.

- **6. HALF Filter:** Select Half 1 (H1: 1st to 15th), Half 2 (H2: 16th to end of month), or 'Both Halves'.
- **7. Reset Button:** Click this button anytime to clear all active filters and return to the complete institute view.
- **8. Download (.docx):** Click this blue button in the filter bar to compile and download all entries matching your active filters into a Microsoft Word (.docx) document.
- **9. Upload PDF Button:** A dedicated blue button located above the calendar cards. Click this to open the upload popup and upload the final published PDF newsletter.
- **10. Navigate to Period:** Click the right arrow mark (>) on any half card to open the Categories page for that specific cycle.

3. Uploading the Published Official Newsletter PDF

After the editorial team completes designing, proofreading, and formatting the official newsletter issue, the Editor uploads the final PDF directly to the portal. Once uploaded, the PDF is instantly visible to everyone across the institute — regular users, Group Heads (GH), and Centre Heads (CH) — through a red document icon.

How to Upload the Official PDF Edition:

- **Step 1: Open Uploader —** On the Home page, click the blue 'Upload PDF' button located above the calendar cards.
- **Step 2: Timetable Window —** The 'Newsletter Timetable & Calendar' popup window opens.
- **Step 3: Select Year —** Select the target publication Year from the top right (e.g. 2026, 2025, etc.).
- **Step 4: Select Month —** On the left side 'Month List', click on the target month (e.g., November). Months with uploaded editions display a green tick.
- **Step 5: Detail View —** The right side 'DETAIL VIEW' displays the two reporting halves: H1 (1st to 15th) and H2 (16th to end of month).
- **Step 6: Select PDF File —** Click inside the dotted upload box '+ Drag & drop or Browse PDF' for that half, and choose your finalized newsletter PDF file from your computer.
- **Step 7: Upload Complete —** The file is uploaded and securely linked to that period. The status turns to 'Uploaded' with a green checkmark.

4. Categories Page — Reviewing Submissions Across All Centres

Clicking the right arrow mark (>) on any half card opens the Categories page for that reporting period (e.g., 'The Science of Making — May 1 – May 15 | Editor Review'). Here, the Editor can inspect and review entries submitted by all centres in CMTI.

Key Controls on the Categories Page:

- **Back Button:** Click '← Back' at top left to return to the Home page anytime.
- **Centre Dropdown:** Use the 'CENTRE' dropdown on the top right to filter entries by a specific centre (e.g. SMPM, MNTM, SPM) or view 'All Centres (7)'.
- **Category Tabs:** Click 'With Entries' to show only categories that have submissions, or 'All Categories (16)' to view the entire list.
- **Expand Category:** Click on any category (e.g., 'TRAINING INITIATIVES') to expand its accordion.
- **Contributor & Centre Tags:** Each entry clearly displays the Centre badge (e.g. MNTM), Department badge (e.g. PM), and Contributor name (e.g. KHUSHBOO).
- **Content & Photo Inspection:** The Editor can read the full headline, comprehensive description, and view all attached event photographs.
- **Category-Level Actions:** Each category has an Eye icon to preview just that category and a Download icon to export a Word document for only that category.

5. Newsletter Document Preview & Centre-Wise Downloads

Clicking the blue 'Preview Newsletter' button opens the compiled 'Newsletter Document Preview' window. The Editor can inspect the overall newsletter flow before preparing the final published version:

Preview Controls & Actions:

- **All Centres Tab:** Shows the combined institute document with every submission from all centres merged in order.
- **Centre Filter Pills:** Click on individual centre pills (e.g. 'MNTM (2)', 'SMPM (4)', 'SPM (1)') to filter the preview and review only that centre's submissions.
- **Visual Verification:** Verify headings, technical text, department attributions, contributor names, and photo placements.
- **Download Full Word Document:** Click the green 'Download Full Newsletter (.docx)' button at the bottom right (or at the top right of the Categories page) to export the complete compiled Word document locally for final editing and layout design.

6. User & Category Management (Settings / Gear Icon)

Clicking the Settings / Gear icon at the top right opens the 'User & Category Management' panel. The Editor has institute-wide authority to manage user accounts and customize publication categories.

A. User Management & Roles Tab:

- **Create User Account:** On the left side, the Editor can create user accounts for any role across the entire institute: Centre Head (CH), Group Head (GH), Scientist, Staff, Admin, or Editor.
- **Form Fields:** Enter Full Name, Email Address, Initial Password, and assign their specific Center and Department.
- **User List & Editing:** The right side displays 'All Users (80)'. The Editor can search by name/email, filter by Center or Role, edit user credentials, or delete obsolete accounts.

B. Category Stages Tab:

- **Manage Categories:** Switch to the 'Category Stages' tab to manage the master list of publication categories.
- **Add Category:** Type a new Category Name (e.g. Research Highlight, Workshops) and set its Display Order number.
- **Save Category:** Click '+ Add Category' to add it to the portal. It will automatically become available for all departments.
- **Edit Existing Categories:** Review the list of existing categories (e.g., Technical Achievements, Training Initiatives, MoU, etc.) and edit their names or order using the pencil icon.
