CMTI Newsletter Portal — "The Science of Making"

User Manual

1. Logging In to the Portal

Follow these steps to log in to the portal:

- **Step 1: Open the portal.** Open Google Chrome, Microsoft Edge, or Mozilla Firefox and go to http://172.18.7.91:3055
- **Step 2: Enter your email.** Type your official CMTI email address (for example, yourname@cmti.res.in).
- **Step 3: Enter your password.** Type the password given to you. If this is your first login, use the default password 123456 provided. You can change it later using 'Forgot Password?' (see Section 2).
- **Step 4: Check your typing (optional).** Tick the 'Show Password' box to see the password you are typing.
- **Step 5: Click Login.** Click the Login button. Your department's Newsletters dashboard opens.

2. Resetting / Recovering Your Password

If you forgot your password or need to set a fresh personal password:

- **Step 1:** Click the 'Forgot Password?' link located beside the password input on the login card.
- **Step 2:** A popup titled 'Reset Password' will appear.
- **Step 3:** Type your registered CMTI email ID in the Email Address field.
- **Step 4:** Click 'Send OTP Code'. A 6-digit verification code is instantly sent to your email inbox.
- **Step 5:** Enter the 6-digit OTP code and choose your new password to restore access.

3. Navigating the Home Page & Newsletter Periods

Upon logging in, you will see the main Newsletters Dashboard. Your assigned department is shown at the top (for example, 'Department: SMC').

Key Dashboard Features:

- **Year Selection:** Quickly switch between recent years (2026, 2025, 2024), or click 'More Years...' to access archived periods down to 2023.
- **Filter Toolbar:** Filter submissions by Category, Years, Month, and Half (H1 or H2). Click 'Reset' to clear all active filters.
- **Global Word Download:** Click the blue 'Download (.docx)' button in the filter toolbar to export all department submissions matching your current filters into Word format.
- **Half-Month Cycles:** Months are displayed as clean cards with two half-month rows: H1 (1st–15th) and H2 (16th–End).
- **Official Published PDF:** If the editorial team has published the final newsletter PDF, a red document icon appears. Click it to read the official published newsletter PDF directly.
- **Half Download:** Each half has a direct download icon to download the Word (.docx) document of your department's entries for that cycle.
- **Open Period:** Click the right arrow chevron (>) on any half card (e.g. H1 Jan 1 - Jan 15) to open the Category submission page.

4. Categories Overview Page

Clicking the arrow mark on a half-month card opens the Event Details & Categories page (e.g., 'SMC Event Details — Jan 1-15, 2026').

Key Features on the Categories Page:

- **Back Button:** Click '← Back' at the top left to return to the Periods Home page at any time.
- **Status Badges:** Shows department name badge and 'Open for Editing' status (or ' Finalized' once locked by GH).
- **Preview Newsletter:** Click the blue 'Preview Newsletter' button to open an on-screen reading layout of all submitted entries.
- **Download (.docx):** Click the green 'Download (.docx)' button at top right to download the complete Word document of this cycle.
- **Filter Tabs:** Toggle between 'All Categories (16)' to view all available themes and 'With Entries' to show only categories where information is already recorded.
- **Pre-filled Categories:** Standard institutional categories are pre-configured

5.Adding a Custom Category

If your department has an event, activity, or milestone that does not fit into any of the standard pre-filled categories, you can create a custom category specifically for that reporting cycle:

- **Locate the Button:** Scroll down to the very bottom of the Categories page below all existing category cards.
- **Click "+ Add Custom Category":** Click on the dotted card marked **"+ Add Custom Category"**.
- **Enter Category Name:** In the popup dialog that appears, type the name of your new category (e.g., *Industrial Visit*, *Guest Lecture*, *Dignitary Visit*, *Special Workshop*, or *Exhibition*).
- **Save Category:** Click **Add Category** to confirm.
- **Add Your Entries:** The new custom category will immediately appear in your category list for that reporting period. Click on it to expand, enter your Title and Description, attach high-resolution photos, and click **+ Save**.

6. Adding Entries, Descriptions, and Attaching Photos

To add milestones or event details under any category, simply click on that category row. The accordion expands to reveal existing records and an intuitive entry form:

Step-by-Step Entry Submission:

- **Step 1: Expand Category —** Click on the category header (e.g. 'TECHNICAL ACHIEVEMENTS'). The section expands.
- **Step 2: Enter Title —** Type a clear, descriptive headline in the 'Entry Title *' box (e.g., 'Development of High-Speed Spindle Unit').
- **Step 3: Enter Description —** Provide a detailed summary in the 'Entry Description' box highlighting achievements, specifications, or impact.
- **Step 4: Attach Photos —** Click the 'Attach Photos' button to select one or more high-resolution photos (.jpg, .jpeg, .png, .webp).
- **Step 5: Review Photos —** Selected photos appear as pill tags. Click the red '×' next to any photo if you wish to remove it, or click 'Clear all'.
- **Step 6: Save Entry —** Click the blue '+ Save' button. Your entry and photographs are saved securely into the portal database.
- **Step 7: Add More Entries —** You can add multiple entries within the same category or open other categories to record more events.

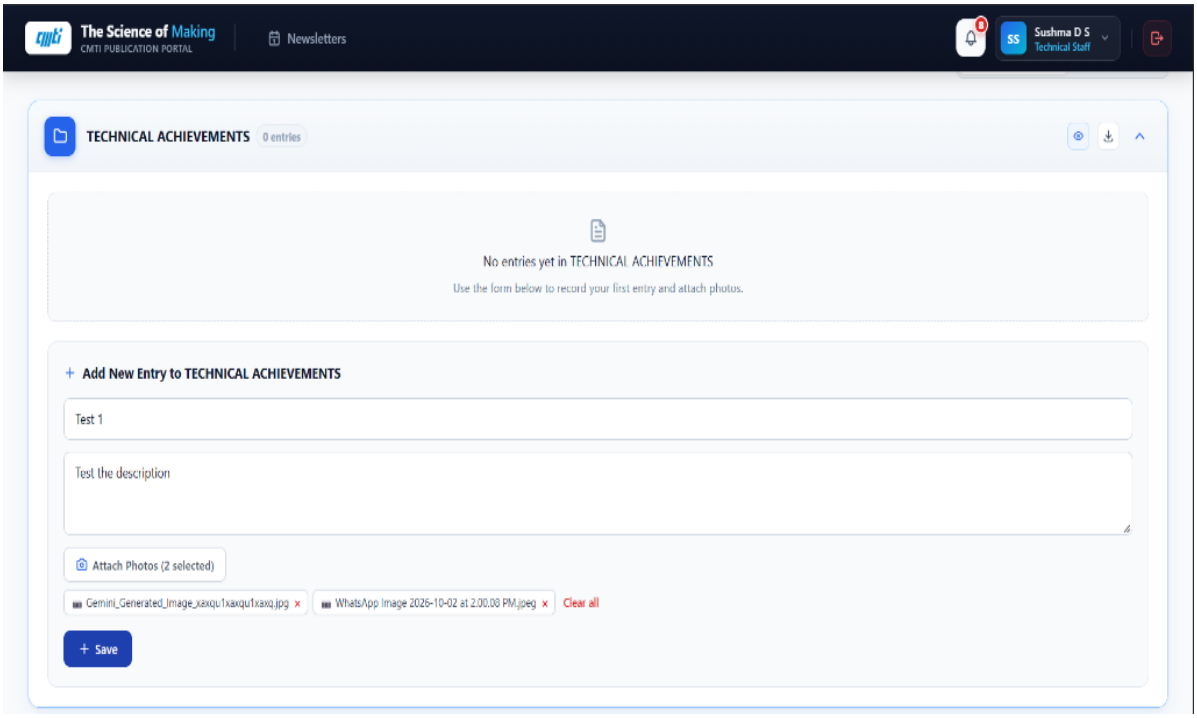

Figure: Adding an Entry with Title, Description, and Photo Attachments

7. Previewing Submissions & Exporting to Word (.docx)

After saving your entries, you can easily review and download your contributions:

- **Category-Level Preview & Download:** Every category bar has an Eye icon to preview just that category and a Download icon to download that single category as Word.
- **Full Newsletter Preview:** Click the blue 'Preview Newsletter' button at the top of the Categories page to inspect the full layout with photos and descriptions.
- **Export Complete Word Document:** Click the green 'Download (.docx)' button at the top to export the entire submission into an official Word document on your local system.
